

STRATEGIC SCHOOL PROFILE 2010-11**Woodbridge School District**

GAETON F. STELLA, Superintendent

Location: 4 Meeting House Lane
Woodbridge,
Connecticut

Telephone: (203) 387-6631

Website: www.woodbridgesd.org

This profile was produced by the Connecticut State Department of Education in accordance with CT General Statutes 10-220(c) using data and narratives provided by the school district, testing services, or the US Census. Profiles and additional education data, including longitudinal data, are available on the internet at www.sde.ct.gov.

COMMUNITY DATA

County: New Haven

Town Population in 2000: 8,983

1990-2000 Population Growth: 13.4%

Number of Public Schools: 2

Per Capita Income in 2000: \$49,049

Percent of Adults without a High School Diploma in 2000*: N/A

Percent of Adults Who Were Not Fluent in English in 2000*: 1.5%

District Enrollment as % of Estimated. Student Population: 88.1%

*To view the Adult Education Program Profiles online, go to www.sde.ct.gov and click on Adult Education, then Reports.

District Reference Group (DRG): B DRG is a classification of districts whose students' families are similar in education, income, occupation, and need, and that have roughly similar enrollment. The Connecticut State Board of Education approved DRG classification for purposes of reporting data other than student performance.

INDICATORS OF EDUCATIONAL NEED

Need Indicator	Number in District	Percent		
		District	DRG	State
Students Eligible for Free/Reduced-Price Meals	31	4.3	8.4	34.1
K-12 Students Who Are Not Fluent in English	20	2.8	2.0	5.6
Students Identified as Gifted and/or Talented*	29	4.0	6.4	4.0
PK-12 Students Receiving Special Education Services in District	65	9.0	10.1	11.4
Kindergarten Students who Attended Preschool, Nursery School or Headstart	68	80.0	91.3	80.2
Homeless	0	0.0	0.0	0.3
Juniors and Seniors Working 16 or More Hours Per Week	N/A	N/A	N/A	N/A

*75.9 % of the identified gifted and/or talented students received services.

SCHOOL DISTRICT DIVERSITY

Student Race/Ethnicity		
Race/Ethnicity	Number	Percent
American Indian	3	0.4
Asian American	101	14.0
Black	23	3.2
Hispanic	33	4.6
Pacific Islander	0	0.0
White	562	77.7
Two or more races	1	0.1
Total Minority	161	22.3

Percent of Minority Professional Staff: 3.9%

Open Choice:

13 student(s) attended this district as part of the Open Choice program. Open Choice brings students from urban areas to attend school in suburban or rural towns, and students from non-urban areas to attend city schools.

Non-English Home Language:

10.5% of this district's students (excluding prekindergarten students) come from homes where English is not the primary language. The number of non-English home languages is 16.

EFFORTS TO REDUCE RACIAL, ETHNIC, AND ECONOMIC ISOLATION

Below is the description submitted by this school of how it provides educational opportunities for its students to interact with students and teachers from diverse racial, ethnic, and economic backgrounds.

Beecher Road School is the only public elementary school in Woodbridge for students in Grades PK-6 and has an enrollment of approximately 735 students. Woodbridge supports and participates in the Open Choice program. Through this program, 12 students are enrolled from New Haven in Grades K through 6. Additionally, Beecher Road School continues to participate with the Wintergreen Inter-district Magnet School. These partnerships allow Beecher Road School students opportunities to have direct contact with students of different racial, ethnic, and economic backgrounds. Woodbridge has a long-standing tradition of integrating multicultural themes into its curriculum. A Writer's Workshop approach in all K-6 classrooms provides students with the added opportunity to share their personal identities and backgrounds with others through writing. Spanish is taught in Grades K-6 through a proficiency model that promotes language acquisition and cross-cultural understandings. Responsive Classroom initiatives promote a more respectful and tolerant school culture---one that supports inter-cultural communication, tolerance of others and an appreciation of all forms of diversity. Using the internet as a vehicle of communication, students are involved in a number of instructional activities intended to broaden their perspective about world societies and multiculturalism. During the 2010/11 school year, Beecher Road School students engaged in an international project with students in a sister school in China. The project helped to broaden student's global perspective by incorporating the following components: (1) multi-cultural understanding; (2) cross-cultural communication; and, (3) and the use of the Arts to promote cultural sensitivity. In the 2009/10 school year, sister-school relationships were established with two elementary schools in the Shandong Province of China. A staff exchange occurred and digital forms of communication have been established with both staff and students. This relationship continued in the 2010-11 school year with a series of large-scale Skype conferences. During these conferences, students of various ages engaged in an on-going dialog with their peers in China. They also shared academic projects and used the Arts, including drama, choral and instrumental music to communicate. Beecher Road School's relationship with sister schools in China has provided many opportunities for inter-cultural communication.

STUDENT PERFORMANCE

Connecticut Mastery Test, Fourth Generation, % Goal. The Goal level is more demanding than the Proficient level, but not as high as the Advanced level, reported in the No Child Left Behind Report Cards.

Including School Construction	96.0	3.7	0.2	0.0
Excluding School Construction	96.6	3.1	0.2	0.1

EQUITABLE ALLOCATION OF RESOURCES AMONG DISTRICT SCHOOLS

Below is the description submitted by this district of how it allocates resources to insure equity and address needs.

The Woodbridge School District is committed to the equitable allocation of resources and has one educational facility. Beecher Road School, is divided into a Primary House, Grades PK-2, including a Multi-Age program, and an Intermediate House, Grades 3-6. The Board of Education built its annual budget in the following manner. An educational mission was developed, based on a carefully crafted, board approved Strategic Plan. Using a zero based approach, a budget was created to support the educational mission. As part of the budget building process, Principals and the Special Services Director worked with their teams to develop budget requests that supported defined educational objectives. The Superintendent and the Business Manager review their proposals to ensure that budget requests: (a) met district goals; (b) served to further the district's strategic plan; (c) supported continuous improvement; (d) aligned with enrollment projections and class size guidelines; and, (e) assured equity in resource allocation. Parents and community members comment on the budget proposal during public comments at BOE meetings, and/or at special district or building informational meetings. In December, the BOE approved a budget and forwarded it to the Town of Woodbridge for January submission and review. A formal, televised presentation of the budget was made to the Boards of Selectmen and Finance in February. The Boards of Finance and Selectmen approved the final general and capital budgets in May.

SPECIAL EDUCATION

Participation in State Assessments of Students with Disabilities Attending District Schools

CMT	% Without Accommodations	9.5
	% With Accommodations	90.5
CAPT	% Without Accommodations	N/A
	% With Accommodations	N/A
% Assessed Using Skills Checklist		4.8

Accommodations for a student's disability may be made to allow him or her to participate in testing. Students whose disabilities prevent them from taking the test even with accommodations are assessed by means of a list of skills aligned to the same content and grade level standards as the CMT and CAPT.

Federal law requires that students with disabilities be educated with their non-disabled peers as much as is appropriate. Placement in separate educational facilities tends to reduce the chances of students with disabilities interacting with non-disabled peers, and of receiving the same education.

K-12 Students with Disabilities Placed in Educational Settings Other Than This District's Schools

Placement	Count	Percent
Public Schools in Other Districts	0	0.0

0.0 to 40.0 Percent of Time	5	7.9	7.1	11.0

SCHOOL DISTRICT IMPROVEMENT PLANS AND ACTIVITIES

The following narrative was submitted by this district.

A major initiative was launched to update curriculum in the areas of language arts and mathematics. Likewise, work continued on developing a cohesive set of assessments in the core curriculum areas, Grades K-6. The use of teacher made assessments also have played an important part in the development of a school wide assessment design. The implementation of curriculum, based on new state standards, the administration of a cohesive assessment design in Grades K-6 and the development of professional learning teams for teachers have resulted in improved student achievement. In addition, an initial audit of the TAG program was done in the 2010 – 2011 school year. Recommendations resulted in the development of a 3-year plan to promote differentiation and enrichment of instruction in all classrooms. Major efforts have been made to strengthen literacy skills of students. As an example, in order to help develop a generation of life time writers and learners, Writer's and Reader's Workshop models have been implemented on grade levels, K-6. Beecher Road School continues to focus on improving student performance on the Connecticut Mastery Test. Teachers and administrators analyze areas of strength and weakness on the Connecticut Mastery Test at each grade level and develop an annual action plan to improve student performance. In the 2010/11 school year, students showed many indicators of success, such as: (1) 100% of 6th graders taking the reading test scored at or above goal level; (2) 96% of 6th graders taking the test in mathematics scored at or above goal level; (3) in grades 3-5, over 90% -95% of students scored at least at proficiency with the majority scoring at or above goal. On the 5th grade science CMT, 83% scored in the goal or advanced range with a total of 96% scoring proficient or above. A formal presentation of CMT results is given to the School Board and Community in September of each year. The district's CMT improvement plan is presented to the School Board and Community in October of each year. Both presentations can be found on the district's web site. The cohort of special education students at Beecher Road School did make AYP (Adequate Yearly Progress) on the annual CMT tests. This area continues to be addressed in a child centered, developmentally appropriate action plan. Throughout the year, teachers, working in professional learning teams, focused on 4 main questions: (1) what do we want students to learn; (2) how do we know they are learning; (3) what do we do if a student is not learning; (4) how do we work with students if are ready to advance to another level. Added objectives included the use of assessments to inform instruction and the alignment of professional development with student needs as determined by data analysis. The emphasis was on promoting differentiated instruction and accelerated learning opportunities. Based on the belief that parent understanding of curriculum improves the home-school partnership, the district has developed a Parent's Guide to the Curriculum that is distributed to parents, community members, administrators, teachers, and staff members and available on the district web site.
