### EFFORTS TO REDUCE RACIAL, ETHNIC, AND ECONOMIC ISOLATION

---

Below is the description submitted by this school of how it provides educational opportunities for its students to interact with students and teachers from diverse racial, ethnic, and economic backgrounds.

Park City Prep places a high priority on preparing its students for admission to competitive public choice and private high schools, most of which have student bodies far more diverse than those of the local public high schools. Last year, the majority of Park City Prep's graduates were accepted to one or more of fifteen of these selective high schools, including Phillips Exeter Academy, School of the Holy Child in Rye, NY, Fairfield Prep and Notre Dame of Fairfield, Laurelton Hall in Milford and St. Joseph's and Christian Heritage School, both in Trumbull. In addition, two graduates were selected as A Better Chance (ABC) scholars to attend Andover (MA) High School and Simsbury (CT) High Schools. Among the public schools, our students attend the Bridgeport Regional Aquaculture School, the Academy of Information Technology (Stamford) and the Regional Center for the Arts, where they have the opportunity to attend classes with students from a diversity of suburban communities, as well. We plan to expand the number of such high school opportunities for the graduates of this year's class by assisting our students in gaining admission to a number of other prestigious boarding schools, such as Choate-Rosemary Hall in Wallingford, The Taft School in Watertown and Miss Hall's School in Pittsfield, Massachusetts, as well as increasing the number of independent day school choices. We aim to place our graduates in high school environments that will enable them to capitalize on the foundation established here at Park City Prep. Attending high schools with more diverse student populations is an integral part of achieving that objective.

## STATE ASSESSMENTS

**Percent of Students with Disabilities Meeting State Goal.** The Goal level is more demanding than the Proficient level, but not as high as the Advanced level, reported in the No Child Left Behind Report Cards. These results are for students attending district schools who participated in the standard assessment with or without accommodations for their disabilities. Results for fewer than 20 students are not presented.

- **Connecticut Mastery Test (CMT), Fourth Generation.** The CMT reading, writing and mathematics tests are administered to students in Grades 3 through 8, and the CMT science test to students in Grades 5 and 8.
- **Connecticut Academic Performance Test (CAPT), Third Generation.** The CAPT is administered to Grade 10 students.

CMT	% Without Accommodations	N/A
	% With Accommodations	N/A
CAPT	% Without Accommodations	N/A
	% With Accommodations	N/A
% Assessed Using Skills Checklist		0.0

Accommodations for a student's disability may be made to allow him or her to participate in testing. Students whose disabilities prevent them from taking the test even with accommodations are assessed by means of a list of skills aligned to the same content and grade level standards as the CMT and CAPT.

Federal law requires that students with disabilities be educated with their non-disabled peers as much as is appropriate. Placement in separate educational facilities tends to reduce the chances of students with disabilities interacting with non-disabled peers, and of receiving the same education.

**SCHOOL DISTRICT IMPROVEMENT PLANS AND ACTIVITIES**

---

The following narrative was submitted by this district.

Park City Prep has a number of improvement initiatives underway in the coming school year: •Park City Prep will continue to increase the already impressive percentage of students accepted to selective public choice and private high schools and expand the options available to its students by adding additional independent day schools and boarding schools to those its graduates are already attending. •In an effort to address the challenge of under-performing students, Park City Prep launched an aggressive recruiting campaign to attract additional talented and highly-qualified teachers for the 2010-2011 school year. Similarly, to recognize and retain its most veteran, skilled teachers, they were offered salaries competitive with more affluent school districts and given performance bonuses, as well. •Intensive, on-going professional development will continue for all teachers, including, but not limited to, those designed to raise the performance of its students on the Connecticut Mastery Tests. •With its focus on science, technology and math, students scoring less than Level 4 in math will have a second math class daily. New computers and peripherals have been purchased, replacing out-dated hardware and technology will play a greater role in all instructional programs. •With a daily Independent Reading program, and by focusing on reading comprehension two periods per week in each of the social studies and science classes, all students will continue to receive an average of two periods per day of instruction in language arts. •We aim to complete our new language arts and math curricula.
