### EFFORTS TO REDUCE RACIAL, ETHNIC, AND ECONOMIC ISOLATION

---

Below is the description submitted by this school of how it provides educational opportunities for its students to interact with students and teachers from diverse racial, ethnic, and economic backgrounds.

The student population of the North Haven Public Schools reflects the diversity of the community; the minority student population equals approximately fourteen percent of the total student population. Recognizing the importance of enhancing student interactions with a variety of racial and ethnic groups, the North Haven Board of Education has encouraged and supported our participation in any programs intended to foster racial diversity. North Haven students were enrolled in the following interdistrict magnet schools during 2010-2011: Hill Career, Cooperative Arts and Humanities High School, High School in the Community, Vincent Mauro School, Davis Street 21st Century Interdistrict Magnet School, the Betsy Ross Arts Magnet School, Barnard, Micro Society, Hyde Leadership School, Metropolitan Business School, Sound School, and Benjamin Jepson Non-Graded Magnet Elementary School. A number of North Haven students participate in less than full time regional programs including the Education Center for the Arts, the Yale-New Haven Saturday Seminar Program, the Urban/Suburban Exchange Program, and the Sound School Summer Aquaculture Program. The North Haven Public Schools participates in Project Open Choice. One hundred spaces have been reserved in the district to accept students from New Haven. Currently, seventy four (74) students from New Haven attend school in North Haven. Additionally, our students participate in regional cooperative programs sponsored by ACES. All of North Haven's Schools are committed to establishing safe, student-centered school cultures built around mutual respect and cooperation. School-based diversity teams are committed to promoting and providing a greater understanding of diversity.

**EQUITABLE ALLOCATION OF RESOURCES AMONG DISTRICT SCHOOLS**

---

Below is the description submitted by this district of how it allocates resources to insure equity and address needs.

North Haven's Board of Education Budget is developed to assure equitable allocation of resources. In addition to enrollment figures, decisions are made based on school and district initiatives outlined in improvement plans. As we work to make the curriculum more tightly aligned K-12, resources are committed to the area of focus during that particular budget cycle. All schools receive funding for library books and field trips on a "per pupil" basis. Funding for professional development is based on district and school initiatives. Staffing levels are reviewed and adjusted on an annual basis.

## STATE ASSESSMENTS

**Percent of Students with Disabilities Meeting State Goal.** The Goal level is more demanding than the Proficient level, but not as high as the Advanced level, reported in the No Child Left Behind Report Cards. These results are for students attending district schools who participated in the standard assessment with or without accommodations for their disabilities. Results for fewer than 20 students are not presented.

- **Connecticut Mastery Test (CMT), Fourth Generation.** The CMT reading, writing and mathematics tests are administered to students in Grades 3 through 8, and the CMT science test to students in Grades 5 and 8.
- **Connecticut Academic Performance Test (CAPT), Third Generation.** The CAPT is administered to Grade 10 students.

### Participation in State Assessments of Students with Disabilities Attending District Schools

CMT	% Without Accommodations	31.3
	% With Accommodations	68.7
CAPT	% Without Accommodations	25.0
	% With Accommodations	75.0
% Assessed Using Skills Checklist		11.7

Accommodations for a student's disability may be made to allow him or her to participate in testing. Students whose disabilities prevent them from taking the test even with accommodations are assessed by means of a list of skills aligned to the same content and grade level standards as the CMT and CAPT.

Federal law requires that students with disabilities be educated with their non-disabled peers as much as is appropriate. Placement in separate educational facilities tends to reduce the chances of students with disabilities interacting with non-disabled peers, and of receiving the same education.

**SCHOOL DISTRICT IMPROVEMENT PLANS AND ACTIVITIES**

---

The following narrative was submitted by this district.

Our primary goal in North Haven is the continuous improvement of student achievement. This is evidenced in our commitment to providing extensive professional development on best instructional practices, first to our administrative staff and then to our instructional staff. There are seven half days during the year set aside for building-based professional development coupled with three full day in-service programs. We continue to update our curriculum to better align with both state standards and the Common Core State Standards in language arts and mathematics. The District Improvement Plan serves as the driving force behind our work in North Haven.

Developed annually and based on an analysis of student performance data, the plan details work to be completed during the school year in the areas of teaching, learning, and leadership. Annual goals, coupled with a series of specific action steps, define the work to be completed in each area. The Superintendent reports progress made on the District Improvement Plan at both mid-year and end-of-year presentations to the Board of Education. Each school and department in North Haven develops its own School Improvement Plan that supports the work of the District Improvement Plan at the school level. All plans are developed with the goal of improving student achievement and progress is reported in January and June.
