### Performance and Accountability

#### District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

	English Language Arts(ELA)		Math		Science	
	Count	DPI	Count	DPI	Count	DPI
American Indian or Alaska Native	0	N/A	0	N/A	0	N/A

#### National Assessment of Educational Progress (NAEP): Percent At or Above Proficient<sup>1</sup>

	NAEP 2015		NAEP 2013

National Public	35%	33%	36%
<b>MATH</b>			
Grade 4			
Connecticut	41%	36%	32%
National Public	39%	32%	25%

<sup>1</sup>NAEP is often called the "Nation's Report Card." It is sponsored by the U.S. Department of Education. This table compares Connecticut's performance to that of national public school students. Performance standards for state assessments and NAEP are set independently. Therefore, one should not expect performance results to be the same across Smarter Balanced and NAEP. Instead, NAEP results are meant to complement other state assessment data. #### Physical Fitness Tests: Students Reaching Health Standard<sup>2</sup>

	Percent of Students by Grade <sup>3</sup> (%)				All Tested Grades

All Tests - State	52.8	51.4	51.4	50.6		51.6

<sup>2</sup>The Connecticut Physical Fitness Assessment (CPFA) is administered to all students in Grades 4, 6, 8 and 10. The health-related fitness scores gathered through the CPFA should be used to educate and motivate children and their families to increase physical activity and develop lifetime fitness habits.

<sup>3</sup>Only students assessed in all four areas are included in this calculation.

### Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

### Narratives

---

#### **School District Improvement Plans and Parental Outreach Activities**

At EdAdvance, we run two special education programs for students with social and emotional disabilities and we have a Head Start program. In both of these settings, we have extensive parent outreach. In the special education program we follow the IEP set out by the sending district and work with each student's parent or guardian to implement that plan in a manner that serves the needs of the student. In our Head Start program, we have parent engagement programs - including the early literacy program School Fuel where parents are trained by our staff along with their children on how to use technology (ipads) to support early literacy learning.

#### **Efforts to Reduce Racial, Ethnic and Economic Isolation**

For many years, we ran over 20 interdistrict programs on behalf of our member districts to help them reduce racial, ethnic, and economic isolation. There is no funding for those programs this year so we have had to stop these programs. In our own programs, they are tuition based - or our head start program - which has its own guidelines for participation that are set by the federal government.

### **Equitable Allocation of Resources among District Schools**

We only have tuition based or federally funded programs.
