Notes

Unless otherwise noted, all data are for 2013-14 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit [EdSight](#).

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to ensure student confidentiality.

N/A is displayed when a category is not applicable for a district or school.

Performance

District Performance Index (DPI)

A District Performance Index (DPI) for the Connecticut Mastery Test (CMT) and the Connecticut Academic Performance Test (CAPT) is the test performance of all subjects tested in the respective assessment for all students in the district. The DPI ranges in value from 0 to 100 points. Connecticut's ultimate target for a DPI is 88 because in a district with a DPI of 88 or above, students will have performed at or above the 'goal' level on the majority of tests. Detailed reports of CMT and CAPT assessment results are available at www.ctreports.com. School and District Performance Reports produced by the Connecticut State Department of Education (CSDE) are also available online.

| CMT | DPI | | | | 2013-14 | | | | Note: If no data are displayed for 2013-14, the district implemented the Smarter Balanced Field Test. |

2013 National Assessment of Educational Progress (NAEP): Percent At or Above Proficient¹

| MATH | Grade 4 | Grade 8 | Grade 12 |
| Connecticut | 45% | 37% | 32% |
| National Public | 41% | 34% | 25% |

¹NAEP is often called the "Nation's Report Card." It is sponsored by the U.S. Department of Education. This table compares Connecticut's performance to that of national public school students. Performance standards for state assessments and NAEP are set independently. Therefore, one should not expect performance results to be the same across CMT/CAPT and NAEP. Instead, NAEP results are meant to complement CMT/CAPT results.

Physical Fitness Tests: Students Reaching Health Standard²

| All Tests - State | 50.2 | 50.7 | 50.3 | 53.9 | | 51.1 |

²The Connecticut Physical Fitness Assessment (CPFA) is administered to all students in Grades 4, 6, 8 and 10. The health-related fitness scores gathered through the CPFA should be used to educate and motivate children and their families to increase physical activity and develop lifetime fitness habits.

³Only students assessed in all four areas are included in this calculation.

Bridgeport Achievement First District

Narratives

School District Improvement Plans and Parental Outreach Activities

Achievement First Bridgeport Academy (AFBA) adheres to a philosophy of never-ending improvement through frequent feedback and clearly established outcomes for both students and teachers. This approach is grounded in the organizational priorities that the schools set on an annual basis: 1) College Ready Curriculum; 2) Intellectual Engagement; 3) Vibrant School Cultures; and 4) Excellence for all scholars, ultimately resulting in higher student achievement and growth. Priorities are pursued through intensive training for our teachers, insuring their deep understanding of the common core standards and increased student engagement through enhanced classroom management, based on timelines established in advance to make planning and execution easier. Similarly, school culture and our ability to achieve excellence with equity involve increasing skills, time, and resource levels in the classroom.

AFBA boasts superior attendance rates by setting high expectations, daily monitoring, and regular recognition of individual students, classrooms, and schools that have perfect attendance on any single day. When absences do occur, school staff contact families to insure they are for excusable reasons and make every attempt possible to have the student join the school community for the day. Efforts resulted in 98%, 97% and 96% attendance rates in the elementary, middle, and high schools respectively.

In order to systematically close the achievement gap for all scholars, we must execute strong special services to ensure all students go to and through college. To accomplish this mission, we use an inclusion model within the context of our structured school day. In this model, students with special needs are integrated into the classroom with resources and supports through collaborative team teaching (CTT) whenever possible. In addition, our students receive resource room level support through push in or pull out programs to provide remediation for foundational knowledge or skills that the student is missing, as well as to provide additional guided practice, time, or re-teaching of general class material.

Communication and feedback is not limited to the classroom at AFBA which supports parents' involvement with their children's education in several ways. Regular email newsletters and messages go home via student backpacks as well as programs that give parents the opportunity to share their experiences and learn best practices in addition to formal communication about student academic and behavioral progress. Parents are invited to Progress Report Nights to discuss grades at the midpoint of each trimester. Parents have teachers' cell phone numbers and can contact them to discuss their child's progress at any time. Lastly, parents hold important leadership positions on the AFBA campuses: they are members of the Board, they attend meetings at the CT state legislature regarding state charter school support, and they participate in the Parent Leadership Committee (PLC). Our 2013-2014 Parent Survey revealed that our parents feel largely positive about the educational program with 98 percent of elementary and 96 percent of middle school parents believe that the school has very high academic standards and a rigorous curriculum, and 97 percent of elementary and 91 percent of middle school parents feel the school is a safe place for their children.

Efforts to Reduce Racial, Ethnic and Economic Isolation

AFBA is a welcoming, tolerant community with an organizational priority of Diversity and Inclusiveness for staff and students. We canvas nineteen (19) of the most educationally disadvantaged Bridgeport school zones during student recruitment, and students are admitted by a blind lottery administered by Achievement First. AFBA ensures that all students regardless of circumstance will achieve at high levels—serving more than 977 students in grades kindergarten through 12. At the elementary and middle schools, 97 percent of our students are African-American or Hispanic, while 84 percent of all students were eligible for free or reduced-price lunch. At AF Amistad High where Bridgeport Academy high school students attend, 97 percent of the total students are African-American or Hispanic, while 75 percent of all students were eligible for free or reduced-price lunch. Additionally, students at Amistad High participated in meaningful summer opportunities, which included job internships as well as academically focused programs at colleges and universities across the country or internships at local organizations, which enriched and prepared students for success in the college application and matriculation processes. Our students return from these programs with new skills and academic experiences. AFBA's commitment to diversity extends to our staff recruiting and training in which hiring managers create robust plans for diversity outreach and post positions with multiple organizations that explicitly engage people of color and/or first generation employees.

Equitable Allocation of Resources among District Schools

As a member of the Achievement First network of public charter schools, AFBA benefits from a pool of centralized resources that support the instructional and business elements of running all of the schools in the district/charter. Many tools, processes, and materials originate centrally and are implemented locally in the schools ensuring school leaders access to the high quality and consistent resources, while retaining local school control. Importantly, Achievement First Schools across all cities are evaluated on a common internal report card that insures that schools are utilizing available resources to the maximum impact.

Student/Teacher ratios, special services resources, and technology investments are monitored as part of the annual budget process to insure equity and appropriate levels of support within grade levels (elementary, middle, and high school).
