### STRATEGIC SCHOOL PROFILE 2011-12

## **Woodstock Academy**

KIM M. CARON, Superintendent

Telephone:

Location: 57 Academy Road Woodstock, Connecticut

This profile was produced by the Connecticut State Department of Education in accordance with CT General Statutes 10-220(c) using data and narratives provided by the school district, testing services, or the US Census. Profiles and additional education data, including longitudinal data, are available on the internet at <a href="https://www.sde.ct.gov.">www.sde.ct.gov.</a>

#### **COMMUNITY DATA**

County: Windham
Town Population in 2000: N/A

1990-2000 Population Growth: N/A Number of Public Schools: 1 Per Capita Income in 2000: N/A
Percent of Adults without a High School Diploma in 2000\*: N/A

Percent of Adults Who Were Not Fluent in English in 2000\*: N/A District Enrollment as % of Estimated. Student Population: N/A

District Reference Group (DRG): E DRG is a classification of districts whose students' families are similar in education, income, occupation, and need, and that have roughly similar enrollment. The Connecticut State Board of Education approved DRG classification for purposes of reporting data other than student performance.

#### STUDENT ENROLLMENT

#### DISTRICT GRADE RANGE

Enrollment on October 1, 2011 1,098 5-Year Enrollment Change -4.2% Grade Range 9 - 12

### INDICATORS OF EDUCATIONAL NEED

Need Indicator	Number in District	Percent		
		District	DRG	State
Students Eligible for Free/Reduced-Price Meals	42	3.8	14.9	35.2
K-12 Students Who Are Not Fluent in English	1	0.1	0.7	5.6
Students Identified as Gifted and/or Talented	0	0.0	3.3	4.0
PK-12 Students Receiving Special Education Services in District	59	5.4	11.1	11.5
Kindergarten Students who Attended Preschool, Nursery School or Headstart	N/A	N/A	N/A	N/A
Homeless	2	0.2	0.1	0.3
Juniors and Seniors Working 16 or More Hours Per Week	75	17.3	15.3	13.0

<sup>\*</sup>To view the Adult Education Program Profiles online, go to www.sde.ct.gov and click on Adult Education, then Reports.

#### SCHOOL DISTRICT DIVERSITY

Student Race/Ethnicity					
Race/Ethnicity	Number	Percent			
American Indian	2	0.2			
Asian American	52	4.7			
Black	4	0.4			
Hispanic	39	3.6			
Pacific Islander	0	0.0			
White	994	90.5			
Two or more races	7	0.6			
Total Minority	104	9.5			

Percent of Minority Professional Staff: 3.9%

#### **Non-English Home Language:**

4.8% of this district's students (excluding prekindergarten students) come from homes where English is not the primary language. The number of non-English home languages is 10.

#### EFFORTS TO REDUCE RACIAL, ETHNIC AND ECONOMIC ISOLATION

Below is the description submitted by this school of how it provides educational opportunities for its students to interact with students and teachers from diverse racial, ethnic, and economic backgrounds.

Located in the Quiet Corner of northeast Connecticut, Woodstock Academy works to reduce racial, ethnic, and economic factors present and, in other cases, absent from its demographic profile. Staffing needs are advertised through CT Reap to better recruit minorities for employment. Coming from a broad economic range, our students and their families represent the five designating town populations. Activities are available to all enrolled students to help them adjust to the campus community. The Freshman FOCUS program is designed to help students effectively transition into the Academy community by meeting faculty, staff, and other students through a series of socially interactive activities. The program also places great emphasis on facilitating academic achievement by monitoring student performances, promoting independent learning and decision making, and by addressing key school subjects in class forums. Students in grades 10-12 are also provided support, academically and socially, through our Student Success program. Student Success provides another series of community building activities throughout the year. Several student organizations, including the Student Connections Committee, Peer Helper Network, Diversity Club, Gay-Straight Alliance, Peer Mediation, and Student Outreach Services, provide a range of opportunities for students to understand, appreciate, and celebrate differences in various ethnic and cultural groups. Students, faculty, staff, administrators, trustees, parents/guardians, and community members share involvement in these efforts at creating respectful constituent group dialogue. A small group of students participate each year in the Faces of Culture program organized by the local RESC, EastConn. Cultural events, world language week, United Nations conferences, the Shandong Province, China, visiting principals program, and the Senegal Exchange program have provided practical opportunities for students and staff to broaden their cultural experience. Travel, exchange, and home-stay combination travel activities to China, Mexico, Quebec, Athens, France, Greece, and Rome have provided our students and staff direct cultural exposure. The new International Student Program has also helped the school to bring diversity into the school community. This program, in its second full year, has accepted students from China, Germany, Spain, Singapore, and Korea. These combined efforts help to provide a respectful, accepting campus atmosphere, rich with cultural opportunity for students and adults.

#### STUDENT PERFORMANCE

**Connecticut Mastery Test, Fourth Generation, % Goal.** The Goal level is more demanding than the Proficient level, but not as high as the Advanced level, reported in the No Child Left Behind Report Cards.

### STATE ASSESSMENTS

**Percent of Students with Disabilities Meeting State Goal.** The Goal level is more demanding than the Proficient level, but not as high as the Advanced level, reported in the No Child Left Behind Report Cards. These results are for students attending district schools who participated in the standard assessment with or without accommodations for their disabilities. Results for fewer than 20 students are not presented.

- Connecticut Mastery Test (CMT), Fourth Generation. The CMT reading, writing and mathematics tests are administered to students in Grades 3 through 8, and the CMT science test to students in Grades 5 and 8.
- Connecticut Academic Performance Test (CAPT), Third Generation. The CAPT is administered to Grade 10 students.

State Assessment		Students with	Students with Disabilities		udents

For more detailed CMT or CAPT results, go to <a href="www.ctreports.com">www.ctreports.com</a>. To see the NCLB Report Card for this school, go to <a href="www.sde.ct.gov">www.sde.ct.gov</a> and click on "No Child Left Behind."

Participation in State Assessments of Students with Disabilities Attending District Schools				
CMT	% Without Accommodations	N/A		
	% With Accommodations	N/A		
CAPT	% Without Accommodations	N/A		
	% With Accommodations	N/A		
% Assessed U	sing Skills Checklist	0.0		

Accommodations for a student's disability may be made to allow him or her to participate in testing. Students whose disabilities prevent them from taking the test even with accommodations are assessed by means of a list of skills aligned to the same content and grade level standards as the CMT and CAPT.

Federal law requires that students with disabilities be educated with their non-disabled peers as much as is appropriate. Placement in separate educational facilities tends to reduce the chances of students with disabilities interacting with non-disabled peers, and of receiving the same education.

#### SCHOOL DISTRICT IMPROVEMENT PLANS AND ACTIVITIES

The following narrative was submitted by this district.

Teaching and learning is the essence of the mission of Woodstock Academy. All decisions, both micro and macro, are made to enhance the experiences of our students and to ensure their definitive successes. The unprecedented number of new courses that were developed this year reflects the faculty's commitment to preparing students for the challenges of the future. Two new business courses, Innovative Technology and International Business, will be offered next year in order to provide students with the technological skills and creative mindset necessary for success in an increasingly globalized marketplace. SCP level Spanish IV was created to encourage standard-level students to continue their world language study beyond basic proficiency. The World Language course offerings were expanded to include German I and II, and Mandarin IV, languages now in high demand. The English and Social Studies Departments made substantive changes to their course offerings to ensure alignment with new state and Common Core standards and to promote increased rigor and relevance. The Science Department continued to expand their course offerings, and will now offer an Ecology Field Studies course to help meet the increasing demand for STEM electives. In addition, three levels of ELL will now be offered to ensure our international students have the language skills necessary to contribute meaningfully to life at WA and ensure their academic success. Our UConn program in Early College Experience was expanded to include 18 subject areas, with 321 students participating. The High School Reform Committee spent the year evaluating the current teaching practices at Woodstock Academy, and making recommendations for changes to the school's graduation requirements. Woodstock Academy is in its second year of the International Student Program (ISP). WA hosted 40 students, grades 9-12. The goal of the program continues to be to raise the global perspective of our educational community fulfilling our mission to "provide a diversity of educational experiences...which will encourage active investment in family, school, community, and the world." Using the 10 key areas of the Academy's Framework for Advancement (Governance & Mission, Development & Autonomy, Building Capacity, Resource Management, 21st Century Skills, Rigor & Accountability, Infrastructure, Building for the Future, Community Building, and Indicators of Excellence) faculty and staff continued to put forward efforts to move the Academy from a very good school to a school of excellence. Physical improvements to the counseling office, Founder's Court, and recording studio were part of the campus beautification and program development projects. Technology enhancements began in the beginning of the year with the addition of an iPad lab and new computers in the art Mac lab and the library. These improvements continued with an upgrade of the wireless infrastructure and network, and concluded with a three-year Technology Plan approved in June. The School Climate Committee was established last year to review existing programs and oversee the installation of new programs, policies, and procedures that will ensure a healthy, supportive, and productive school environment. The school's Truancy Prevention Plan was reviewed by this committee last year as part of its responsibilities. Two recommendations from this committee were implemented this year to enhance student connections to school and thus reduce the truancy rate: provide Developmental Assets Training to faculty and staff (train-the-trainer), and create a peer mediator program. An additional recommendation, establish an advisor/advisee program, is being planned for this year with a implementation goal of the 2013-14 school year.
