HOME AND SCHOOL COMMUNICATION AND SUPPORT

Teacher E-Mail Addresses: All teachers at this school have been issued e-mail addresses. **Online Homework Information:** A portion of the school's website is devoted to homework pages.

The following narrative about how this school promotes and supports parental involvement was submitted by this school.

Home and School Communication and Support

Parents are an integral part of our educational program; administration, staff and parents have developed a plan of action resulting in several programs that foster a strong partnership between family and school. The parent's association and parent advisory board have been instrumental in building a school wide library, hosting a monthly family movie night and providing classroom representatives.

?We conduct a P.L.A.Y. (Promoting Literacy All Year) Program in which students bring home books for parents read to or with them each night. Parents sign a sheet to indicate their participation; each month, students who have returned their P.L.A.Y. sheet are given incentives. Our Reading First Program provides an information night for parents complete with a guest speaker who emphasizes the importance of reading. We host a Family Literacy Night through this program. This is a night when K-3 parents and their children are invited to come and share reading

activities and storytelling. Older students are also invited to attend. This night is an exciting one at Jumoke, complete with book give-always, swaps and raffles for children and adults alike, as well as a visit from our local librarians.

?Parents work along-side teachers to help provide CMT preparation on Saturdays for two six-week sessions. The principal and the teachers provide a scripted curriculum for these sessions. In addition staff and the parent association run tutoring sessions for parents and grandparents. Teachers encourage parents to purchase selections from book clubs and our Scholastic Book Fair. The homework that they assign each night is aligned with classroom instruction. Teachers and parents frequently discuss how to support student achievement. Parents volunteer for the Mathathon and Math Club. Our P.T.O. encourages each parent to volunteer at least two hours a year at the school. Many parents do much more than that, tutoring students and supporting classroom teachers, while learning about school expectations.

EFFORTS TO REDUCE RACIAL, ETHNIC, AND ECONOMIC ISOLATION

Below is the description submitted by this school of how it provides educational opportunities for its students to interact with students and teachers from diverse racial, ethnic, and economic backgrounds.

Efforts to Reduce Racial, Ethnic and Economic Isolation

Jumoke Academy is entering its 12th year of an on-going relationship with suburban schools which have fostered learning, friendship and understanding between our students. Those cooperative relationships have allowed our students and teachers to develop educational and social programs that foster learning between students from different cultural and socio-economic backgrounds.

- •Jumoke Academy entered its final year as partners in the Connecticut Vanguard School Initiative, utilizing a grant from the State Department of Education to promote teacher-student cooperative learning and social interaction programs with our Vanguard partner, Integrated Day School in Norwich.
- •Jumoke Academy continued its partnership with Hart School of Music, University of Hartford which has enabled our music and art programs to promote the artistic work of our students in cooperation with University students and children from the various communities surrounding Hartford. This program introduces our children to and supports their understanding of different cultures and ethnic groups in America and around the world as it relates to art and music. For example, our children study music and songs based on Jewish, Latin, African, and European cultures and history.
- •Our partnership with Artist Collective enhances Jumoke Academy's academic curriculum and enrichment activities by specifically providing instruction on the various cultures, countries and races around the world. For example, each month our students learn about a different culture or ethnic group by involving themselves in activities or programs such as the celebration of Kwanza, Rosh Hashanah, Three Kings Day, Black History Month, Hispanic Awareness Month as well as the various celebrations of different islands in the West Indies.

Disciplinary Offenses

Disciplinary offenses committed by students include all serious offenses, offenses involving drugs, alcohol, or tobacco, and all incidents resulting in suspension or expulsion. In the 2007-08 school year, 6 students were responsible for these incidents. These students represent 1.6% of the estimated number of students who attended this school at some point during the 2007-08 school year. For more information and data on disciplinary offenses, go to www.sde.ct.gov, click on "CEDaR" and then on "Student Data."

Federal law requires that students with disabilities be educated with their non-disabled peers as much as is appropriate. Placement in separate educational facilities tends to reduce the chances of students with disabilities interacting with nondisabled peers, and of receiving the same education.

SCHOOL IMPROVEMENT PLANS AND ACTIVITIES

The following narrative was submitted by this school.

School Improvement Plans and Activities

Jumoke Academy students continue to demonstrate strong achievement on the CMT and the Adequate Yearly Progress indicators, although the reading scores for 3rd, 4th, and 5th grades are in need of improvement. Jumoke Academy's middle school has been rated by an independent study based on the CMT as one of the top ten performing schools in Connecticut's urban districts. The scores below illustrate the performance of the middle school students based on the 2009 CMT

Grade 6 Grade 7 Grade 8

Math 86 100 87

Reading 73 92 91

Writing 89 93 92

Jumoke Academy middle school is one of the few districts in the State of Connecticut where its minority students have closed the academic achievement gap with white students. The Middle School students last year all but closed the achievement gap in Connecticut. It out scored or equaled the scores of many of CT's affluent suburban communities.
