STRATEGIC SCHOOL PROFILE 2012-13

Branford School District

Hamlet M. Hernandez, Superintendent

Telephone: (203) 315-7809

Location: 1111 Main Street

Branford, Connecticut

Website: www.branfordschools.org

This profile was produced by the Connecticut State Department of Education in accordance with CT General Statutes 10-220(c) using data and narratives provided by the school district, testing services, or the US Census. Profiles and additional education data, including longitudinal data, are available on the internet at www.sde.ct.gov.

COMMUNITY DATA

County: New Haven

Town Population in 2000: 28,683

1990-2000 Population Growth: 3.9% Number of Public Schools: 5

Per Capita Income in 2000: \$32,301

Percent of Adults without a High School Diploma in 2000*: 9.8% Percent of Adults Who Were Not Fluent in English in 2000*: 1.2% District Enrollment as % of Estimated. Student Population: 90.5%

District Reference Group (DRG): D DRG is a classification of districts whose students' families are similar in education, income, occupation, and need, and that have roughly similar enrollment. The Connecticut State Board of Education approved DRG classification for purposes of reporting data other than student performance.

SCHOOL DISTRICT DIVERSITY

Student Race/Ethnicity					
Race/Ethnicity	Number	Percent			
American Indian	6	0.2			
Asian American	262	8.1			
Black	105	3.2			
Hispanic	270	8.3			
Pacific Islander	0	0.0			
White	2,548	78.4			
Two or more races	59	1.8			
Total Minority	702	21.6			

Percent of Minority Professional Staff: 2.4%

Open Choice:

36 student(s) attended this district as part of the Open Choice program. Open Choice brings students from urban areas to attend school in suburban or rural towns, and students from non-urban areas to attend city schools.

Non-English Home Language:

9.4% of this district's students (excluding prekindergarten students) come from homes where English is not the primary language. The number of non-English home languages is 31.

EFFORTS TO REDUCE RACIAL, ETHNIC AND ECONOMIC ISOLATION

Below is the description submitted by this school of how it provides educational opportunities for its students to interact with students and teachers from diverse racial, ethnic, and economic backgrounds.

Branford strives to increase representation of minority staff members, recruiting candidates from various employment fairs in the region, as well as participating in a regional recruitment effort organized by our RESC. Despite our efforts, minority representation remains low within the district. Due to that factor, Branford Public Schools has continued to be motivated in all of our schools, as well as across the district, to encourage awareness and support efforts which celebrate diversity. Our schools' PTA, at both the elementary level and the middle school level, support and provide multi-cultural events throughout the school year. We have had several students participate in a summer school program run by New Haven's magnet schools. We have continued to receive grant funding at the high school level for the Diversity Dream Team, orchestrated by one of our former high school administrator. Our high school's efforts regarding the creation of various extra-curricular clubs and the expansion of numerous courses to include dimensions of racial and ethnic sensitivity and awareness suggest an on-going attempt to decrease racial and ethnic isolation. Finally, all of our schools participate in Project Choice. This has made the greatest difference in reducing barriers of all types by giving our students the opportunity to get to know and understand students from other, more diverse communities.

STUDENT PERFORMANCE

Connecticut Mastery Test, Fourth Generation, % Goal. The Goal level is more demanding than the Proficient level, but not as high as the Advanced level, reported in the No Child Left Behind Report Cards.

Excluding School Construction	92.1	5.2	2.5	0.1

EQUITABLE ALLOCATION OF RESOURCES AMONG DISTRICT SCHOOLS

Below is the description submitted by this district of how it allocates resources to insure equity and address needs.

The Branford School District has incorporated a budget development process that includes requests from each school and department in the district. Program directors and school principals generate a budget request that is considered at the central office level in terms of equity in allocation of resources, in addition to specific documented needs. As the budget moves to the Board of Education level, there is additional scrutiny to ensure parity across the levels. Reasonable class size continues to be a priority for the district, which allows for equal opportunities for all students. This type of budget development enables each school and department to anticipate and plan for long-term needs and to project proposed options in terms of future budget impact.

Participation in State Assessments of Students with Disabilities Attending District Schools			
CMT	% Without Accommodations	20.6	
	% With Accommodations	79.4	
CAPT	% Without Accommodations	31.0	
% With Accommodations 69.0			
% Assessed Us	% Assessed Using Skills Checklist 12.3		

Accommodations for a student's disability may be made to allow him or her to participate in testing. Students whose disabilities prevent them from taking the test even with accommodations are assessed by means of a list of skills aligned to the same content and grade level standards as the CMT and CAPT.

Federal law requires that students with disabilities be educated with their non-disabled peers as much as is appropriate. Placement in separate educational facilities tends to reduce the chances of students with disabilities interacting with non-disabled peers, and of receiving the same education.

K-12 Students with Disabilities Placed in Educational Settings Other Than This District's Schools

0.0 to 40.0 Percent of Time	40	8.9	8.9	11.6

SCHOOL DISTRICT IMPROVEMENT PLANS AND ACTIVITIES

The following narrative was submitted by this district.

This year there was a concentrated effort across the district to improve reading and math instruction. We continue to focus on raising the level of instruction to enable our students to meet goal in reading and math. We have worked with our reading consultants K-8 to assist our teachers in improving reading instruction. We hired a consultants to work with our teachers prek-8 to enhance our reading instruction in a more consistent and comprehensive fashion. We also have math resource teachers K-8 who continue to address the need for greater proficiency in math K-8. These teachers will work closely with all teachers providing assistance with math instruction. At our high school we continue to evaluate student performance on the CAPT and problem solve ways to improve our students' performance. Evidence of our work has been clearly demonstrated in looking at the growth our students make on the CMT and CAPT 2012Truency has not been a concern for students in Branford. Students whose attendance is sporadic or excessive work with special services and guidance department staff. School personnel work individually to ensure students attend school.
