STRATEGIC SCHOOL PROFILE 2011-12

Rocky Hill School District

JEFFREY A. VILLAR, Superintendent

Telephone: (860) 258-7701

Location: 761 Old Main Street Rocky Hill, Connecticut

Website: www.rockyhillps.com/

This profile was produced by the Connecticut State Department of Education in accordance with CT General Statutes 10-220(c) using data and narratives provided by the school district, testing services, or the US Census. Profiles and additional education data, including longitudinal data, are available on the internet at www.sde.ct.gov.

COMMUNITY DATA

County: Hartford

Town Population in 2000: 17,966 1990-2000 Population Growth: 8.5%

Number of Public Schools: 4

Per Capita Income in 2000: \$29,701

Percent of Adults without a High School Diploma in 2000*: 11.8% Percent of Adults Who Were Not Fluent in English in 2000*: 2.7% District Enrollment as % of Estimated. Student Population: 93.5%

District Reference Group (DRG): D DRG is a classification of districts whose students' families are similar in education, income, occupation, and need, and that have roughly similar enrollment. The Connecticut State Board of Education approved DRG classification for purposes of reporting data other than student performance.

STUDENT ENROLLMENT

DISTRICT GRADE RANGE

Enrollment on October 1, 2011 2,529 5-Year Enrollment Change -1.8% Grade Range

SCHOOL DISTRICT DIVERSITY

Student Race/Ethnicity				
Race/Ethnicity	Percent			
American Indian	4	0.2		
Asian American	364	14.4		
Black	95	3.8		
Hispanic	165	6.5		
Pacific Islander	0	0.0		
White	1,887	74.6		
Two or more races	14	0.6		
Total Minority	642	25.4		

Percent of Minority Professional Staff: 3.5%

Open Choice:

22 student(s) attended this district as part of the Open Choice program. Open Choice brings students from urban areas to attend school in suburban or rural towns, and students from non-urban areas to attend city schools.

Non-English Home Language:

15.3% of this district's students (excluding prekindergarten students) come from homes where English is not the primary language. The number of non-English home languages is 34.

EFFORTS TO REDUCE RACIAL, ETHNIC AND ECONOMIC ISOLATION

Below is the description submitted by this school of how it provides educational opportunities for its students to interact with students and teachers from diverse racial, ethnic, and economic backgrounds.

The Rocky Hill Public Schools have many initiatives to promote diversity and awareness of individual differences. At each academic level, students have the opportunity to interact with students from diverse racial, ethnic, and economic backgrounds. Our district participates in the CHOICE program in which students from an urban setting are integrated into our schools. Our Choice students have been members of the Rocky Hill Public Schools since the elementary level and have now transitioned into our middle school and high school. The schools work together to plan academic activities to promote respect and friendship. Over the past several years, Rocky Hill High School students have participated in magnet school programs in Hartford. Twelve students are enrolled in the Greater Hartford Academy of the Arts and thirty-four students attend the Greater Hartford Academy of Math and ScienceSince 1999, RHHS has hosted the "Names Can Really Hurt Us "assembly program every four years. school also sponsors a Diversity Club which promotes cultural and social awareness. Our student Advisory program works in conjunction with the Town of Rocky Hill's Social Services department to sponsor families within the community who are in need. In addition, Rocky Hill High School students participate in the Habitat for Humanity project and have traveled to New Orleans for the past five years to help build houses for Hurricane Katrina victims. Various clubs and student government also focus on helping others through volunteerism. The middle school works with the Connecticut Commission on Culture and Tourism to present a wide variety of programs throughout the year to foster a greater appreciation of different cultures and life styles. At the elementary schools, students participate in enrichment assemblies in which they learn about the world around them. Student Council members are also involved in serviced based projects such an annual coat drives, making sandwiches for the homeless shelter, and assisting needy families. As a district, we have implemented the Positive Behavior Intervention and Supports (PBIS) approach at the elementary schools, middle school and high school levels. Students focus on respect for self, respect for others, and respect for their school. Our schools have realized a decrease in office referrals and an improvement in overall school climate through the instruction of these principles.

STUDENT PERFORMANCE

Connecticut Mastery Test, Fourth Generation, % Goal. The Goal level is more demanding than the Proficient level, but not as high as the Advanced level, reported in the No Child Left Behind Report Cards.

EQUITABLE ALLOCATION OF RESOURCES AMONG DISTRICT SCHOOLS

Below is the description submitted by this district of how it allocates resources to insure equity and address needs.

The Board of Education policy regarding the distribution of district resources ensures that each school within the district receives an equitable distribution of material and financial resources. Funds are allocated on a per-pupil basis for instructional supplies. The superintendent and director of finance review budget requests based on principals' school-based budgets and distribute anticipated funds across school and programs. Final allocations are based on the Board of Education's class size guidelines and needs identified through curriculum assessment and review. Professional development funds are distributed to support the work of staff through their Professional Improvement Plans and the School Improvement Plan. Although, like other districts, Rocky Hill has experienced budgetary challenges, the Board of Education, through their administrators, work hard to minimize the impact and provide the best possible learning experience for our children.

	Science	15.4	13.6	52.2	47.1

For more detailed CMT or CAPT results, go to www.ctreports.com. To see the NCLB Report Card for this school, go to www.sde.ct.gov and click on "No Child Left Behind."

Participation in State Assessments of Students with Disabilities Attending District Schools					
CMT % Without Accommodations 41.6					
	% With Accommodations	58.4			
CAPT	% Without Accommodations	7.7			
	% With Accommodations	92.3			
% Assessed U	sing Skills Checklist	8.6			

Accommodations for a student's disability may be made to allow him or her to participate in testing. Students whose disabilities prevent them from taking the test even with accommodations are assessed by means of a list of skills aligned to the same content and grade level standards as the CMT and CAPT.

Federal law requires that students with disabilities be educated with their non-disabled peers as much as is appropriate. Placement in separate educational facilities tends to reduce the chances of students with disabilities interacting with non-disabled peers, and of receiving the same education.

K-12 Students with Disabilities Placed in Educational Settings Other Than This District's Schools

SCHOOL DISTRICT IMPROVEMENT PLANS AND ACTIVITIES

The following narrative was submitted by this district.

The faculty and administration of the Rocky Hill Public Schools are committed to providing a comprehensive educational experience for all students. Curriculum and instruction are two key elements of an effective school system and both of these areas have been the primary focus of our district improvement efforts. The Rocky Hill School District has concentrated on revising and enhancing our curriculum in several content areas across the district with an emphasis on all subject areas at the high school level. Over the last three years, high school curricula have been revised for all freshmen, sophomore, junior and some senior classes in English, Math, Social Studies and Science. These courses will be instructed during the 2012-2013 school year using the revised curricula. In addition, electives classes are also under revision for all disciplines. At the middle school level, teachers are working on aligning their math and language arts curricula to the common core state standards. At the elementary level, the math and language arts curriculum will be aligned to the common core state standards, as well. Curriculum analysis and revision will continue to be an ongoing process as teachers work to continuously improve the academic achievement of all students. Teachers are collaborating in Data Teams to evaluate instructional processes and find new ways to meet the needs of their students. Data Teams have been implemented at the elementary, middle and high school levels as well as at the district level. These teams meet regularly to assess students' progress on targeted objectives and to determine instructional strategies to accelerate student achievement. Professional development on the Data Team process and effective teaching strategies is ongoing with administrators providing monthly analysis of a team's functioning and constructive feedback for improvement. The SRBI model has been instituted in Rocky Hill to identify and support students in need of additional academic assistance. Tier 2 and 3 interventions have been developed and implemented at all levels. Students are identified for services based on the triangulation of data from various district assessments, the CMT/CAPT, as well as from teacher input. Data on student progress indicates that students are improving based on targeted interventions. SRBI teams at each school oversee the coordination of this extra help. The Rocky Hill Public Schools are working to enhance the use of technology to improve instruction and to prepare our students for 21st century careers. Our bandwidth has been substantially increased so that we can access on-line testing and resources much more quickly. SMARTboards have been installed in all high school science classes, third, fourth and fifth grade classrooms with plans to install this technology into the remaining lower grade levels each year. Kindergarten, first and second grade classes have received ipads for small group instruction. LCD projectors have been mounted in all high school and middle school classrooms. Professional development has been provided to help teachers with the new technology. Our school district is adhering to a technology plan to update and expand our use of technology on an ongoing basis. Through our concentrated efforts on data analysis, collaboration, effective teaching strategies and the use of technology, our goal is to ensure success for all students in the Rocky Hill Public Schools.
