STRATEGIC SCHOOL PROFILE 2009-10

Willington School District

DAVID C. HARDING, Superintendent

Telephone: (860) 487-3130

Location: 40 Old Farms Road Willington, Connecticut

Website: www.willingtonpublicschools.org

This profile was produced by the Connecticut State Department of Education in accordance with CT General Statutes 10-220(c) using data and narratives provided by the school district, testing services, or the US Census. Profiles and additional education data, including longitudinal data, are available on the internet at www.sde.ct.gov.

COMMUNITY DATA

County: Tolland

Town Population in 2000: 5,959 1990-2000 Population Growth: -0.3%

Number of Public Schools: 2

Per Capita Income in 2000: \$27,062

Percent of Adults without a High School Diploma in 2000*: 10.5% Percent of Adults Who Were Not Fluent in English in 2000*: 1.0% District Enrollment as % of Estimated. Student Population: 91.9%

District Reference Group (DRG): E DRG is a classification of districts whose students' families are similar in education, income, occupation, and need, and that have roughly similar enrollment. The Connecticut State Board of Education approved DRG classification for purposes of reporting data other than student performance.

Percent of Minority Professional Staff: 3.3%

Non-English Home Language:

1.7% of this district's students (excluding prekindergarten students) come from homes where English is not the primary language. The number of non-English home languages is 6.

EFFORTS TO REDUCE RACIAL, ETHNIC, AND ECONOMIC ISOLATION

Below is the description submitted by this school of how it provides educational opportunities for its students to interact with students and teachers from diverse racial, ethnic, and economic backgrounds.

Though the school district population contains some degree of racial, ethnic and economic diversity, we are a geographical distance from districts which might offer magnet or interdisciplinary programs for our students. Our Middle School continues a partnership with the University of Connecticut and profit from its broad range of programs, staff and students. A Wide Area Network (WAN) and classroom accessibility to the Internet has expanded our students' contact with other schools and a more diverse population of students. Continuing a character education program which emphasizes accepting differences and treating all people with respect and kindness has broadened students' sensitivities to diversity. Teachers in grades four and five have implemented the "Responsive Classroom." Our teachers strive to include a variety of multicultural lessons and materials within every curriculum area. In grades two through eight, Willington students study Spanish with an emphasis on cultural and language experience.

STUDENT PERFORMANCE

Connecticut Mastery Test, Fourth Generation, % Goal. The Goal level is more demanding than the Proficient level, but not as high as the Advanced level, reported in the No Child Left Behind Report Cards.

Revenue sources do not include state funded Teachers' Retirement Board contributions, vocational-technical school operations, SDE budgeted costs for salaries and leadership activities and other state-funded school districts (e.g., Dept. of Children and Families and Dept. of Corrections).

District Expenditures	Local Revenue	State Revenue	Federal Revenue	Tuition & Other
Including School Construction	61.9	34.9	3.1	0.0
Excluding School Construction	62.5	34.3	3.2	0.0

EQUITABLE ALLOCATION OF RESOURCES AMONG DISTRICT SCHOOLS

Below is the description submitted by this district of how it allocates resources to insure equity and address needs.

The Willington Board of Education procedures regarding distribution of district resources ensure that each school within the district receives a base level of material and financial resources. The base level of support that each school receives is determined, in part, by the approved school board budget for the year. An assessment of needs is completed by the superintendent and administrators to determine specific program needs. This assessment takes into account such factors as the student population served, the age of school facilities and student performance compared to local and state programs in order to ensure equity and address needs. The school principals and the superintendent hold monthly meetings that include monitoring of the allocation of resources. The board of education conducts several public hearings and workshops during the budget season, allowing input from the community and parents. This facilitates an understanding of the needs of the district and ensures an equitable distribution of resources among the schools.

SPECIAL EDUCATION

Participation in State Assessments of Students with Disabilities Attending District Schools				
CMT	% Without Accommodations	25.4		
	% With Accommodations	74.6		
CAPT	% Without Accommodations	N/A		
	% With Accommodations	N/A		
% Assessed U	0.0			

Accommodations for a student's disability may be made to allow him or her to participate in testing. Students whose disabilities prevent them from taking the test even with accommodations are assessed by means of a list of skills aligned to the same content and grade level standards as the CMT and CAPT.

Federal law requires that students with disabilities be educated with their non-disabled peers as much as is appropriate. Placement in separate educational facilities tends to reduce the chances of students with disabilities interacting with non-disabled peers, and of receiving the same education.

SCHOOL DISTRICT IMPROVEMENT PLANS AND ACTIVITIES

The following narrative was submitted by this district.

Willington Public Schools' District Improvement Plan outlines the goals and objectives of the Board of Education with regards to failure to make adequate yearly progress per NCLB. The goals and objectives of this plan were developed to address the identified needs of all students with an emphasis on the subgroup of Special Education as well as primary grade reading. The scientifically-based research strategies outlined in the District Improvement Plan were carefully selected. They are categorized into two groups: 1) a set of new strategies that were implemented for the first time in the 2008-2009 school year, 2) a set of reinforced continuation strategies that have already been used with some degree of success over the last few years, but will be reinforced or redesigned to impact the achievement of all students. A review our curriculum is also being undertaken. The Willington Public School System will monitor the progress of this plan through the collection of data and anecdotal evidence at the district level, through analysis of progress presented by data teams, with support from the Willington Public Schools Board of Education.
