EFFORTS TO REDUCE RACIAL, ETHNIC AND ECONOMIC ISOLATION

Below is the description submitted by this school of how it provides educational opportunities for its students to interact with students and teachers from diverse racial, ethnic, and economic backgrounds.

The Public Schools of Mansfield value the important contributions of students and teachers from diverse racial, ethnic and economic backgrounds. As a culturally and socio-economically diverse school district, the Mansfield Public Schools make every effort to provide equal opportunity for all students. We are dedicated to insuring that all students have access to every program through heterogeneously-grouped classes and multiple levels of access. Our elementary schools offer the Spanish language in grades 2 through 4, placing strong instructional emphasis on the cultures of the Hispanic world. In addition, the schools offer a variety of special projects. At Goodwin School, a Student Backpack Brigade fills backpacks and donates them to needy children and an International Potluck Dinner is held every year. At Southeast School, there are enrichment clusters focusing on the cultures of other countries and cultural, musical, and artistic assemblies. At Vinton School students participate in activities such as on-site museum programs and collection of food and health items for local family shelters and soup kitchens. Mansfield Middle School (designated by the Connecticut Association of Schools as the 2007 Middle School of the Year) is unique in offering four different world languages (French, Spanish, German and Latin), a German and Chinese student exchange program and all students and staff participate in the bi-annual One School/One Read experience. All schools participate in integrated art and dance programs, all schools participate in an inter-district summer Academy of International Arts and Science Studies, a ten-school-district summer camp program that has helped to reduce racial, ethnic and economic isolation. These projects and several others can be found in individual school reports.

EQUITABLE ALLOCATION OF RESOURCES AMONG DISTRICT SCHOOLS

Below is the description submitted by this district of how it allocates resources to insure equity and address needs.

The Mansfield Board of Education has a long-established tradition of equitable distribution of resources to ensure that each school in the district receives the same level of material and financial resources. A two month budget review process is carried out each year to ensure full public discussion concerning the allocation of resources through the school district. The Board reviews class size enrollment at all our schools on a monthly basis. The purpose of this activity is to ensure that the three elementary schools are resourced to provide an equitable program across the district. The district continues to conduct a review of all four schools this year in hopes of developing a renovation project which would enhance and/or improve district facilities for all students. Assurance that resources are equally shared is fundamental to the purpose of American public education and the Public Schools of Mansfield are proud stewards of this national commitment to equity.

Accommodations for a student's disability may be made to allow him or her to participate in testing. Students whose disabilities prevent them from taking the test even with accommodations are assessed by means of a list of skills aligned to the same content and grade level standards as the CMT and CAPT.

Federal law requires that students with disabilities be educated with their non-disabled peers as much as is appropriate. Placement in separate educational facilities tends to reduce the chances of students with disabilities interacting with non-disabled peers, and of receiving the same education.

SCHOOL DISTRICT IMPROVEMENT PLANS AND ACTIVITIES

The following narrative was submitted by this district.

Our elementary and middle school students perform well on the Connecticut Mastery Test. We continue to analyze any changes in student performance data, as well as individual student longitudinal test results, to identify needs for program adjustments. On the 2012 CMT, Mansfield Public Schools students achieved State Goal at the following rate:0 Mathematics: Grade 8-73.8%, Grade 7-79.3%, Grade 6-86.4%, Grade 5-82.8%, Grade 4-28.8%; Grade 3-82%0 Reading: Grade 8-84.7%, Grade 7-87.1%, Grade 6-86.4%, Grade 5-78.2%, Grade 4-80.4%, Grade 3-71.5%0 Writing: Grade 8-81.4%, Grade 7-78.6%, Grade 6-89.9%, Grade 5-69.7%, Grade 4-79.3%, Grade 3-72.0%0 Science: Grade 8-78.0%, Grade 5-80.2%1mprovement plans for all four schools include an assessment protocol being implemented to more closely monitor student achievement. Specific goals focus on moving more students from Level 3 to Level 4 (State Goal) in all four areas of the Connecticut Mastery Test, by intervening early through increased instructional time (through full-day kindergarten), to differentiated instruction, more efficient use of support services, and align instruction with curricular goals for greater student achievement. Truancy preventive strategies have been implemented at all schools to ensure maximum attendance on the part of all students.
