STRATEGIC SCHOOL PROFILE 2009-10

East Haddam School District

ELLEN W. SOLEK, Superintendent

Telephone: (860) 873-5090

Location: 26 Plains Road Moodus, Connecticut

Website: www.easthaddamschools.org

This profile was produced by the Connecticut State Department of Education in accordance with CT General Statutes 10-220(c) using data and narratives provided by the school district, testing services, or the US Census. Profiles and additional education data, including longitudinal data, are available on the internet at www.sde.ct.gov.

COMMUNITY DATA

County: Middlesex

Town Population in 2000: 8,333 1990-2000 Population Growth: 24.8%

Number of Public Schools: 3

Per Capita Income in 2000: \$28,112

Percent of Adults without a High School Diploma in 2000*: 10.7% Percent of Adults Who Were Not Fluent in English in 2000*: 0.2% District Enrollment as % of Estimated. Student Population: 93.5%

District Reference Group (DRG): E DRG is a classification of districts whose students' families are similar in education, income, occupation, and need, and that have roughly similar enrollment. The Connecticut State Board of Education approved DRG classification for purposes of reporting data other than student performance.

SCHOOL DISTRICT DIVERSITY

Student Race/Ethnicity				
Race/Ethnicity	Number	Percent		
American Indian	2	0.1		
Asian American	14	1.0		
Black	16	1.2		
Hispanic	38	2.7		
White	1,316	94.9		
Total Minority	70	5.1		

Percent of Minority Professional Staff: 0.0%

Non-English Home Language:

0.7% of this district's students (excluding prekindergarten students) come from homes where English is not the primary language. The number of non-English home languages is 2.

EFFORTS TO REDUCE RACIAL, ETHNIC, AND ECONOMIC ISOLATION

Below is the description submitted by this school of how it provides educational opportunities for its students to interact with students and teachers from diverse racial, ethnic, and economic backgrounds.

The East Haddam schools are committed to preparing its students for life in the twenty-first century. By its very nature, rural and bounded by the Connecticut River and several state forests, East Haddam acknowledges its obligation to provide opportunities for its students that will lead to reducing racial, ethnic, and economic isolation. Each of the district's schools is engaged in a number of educational activities that are specifically intended to heighten our students' awareness of issues of diversity and isolation. Several East Haddam students have attended the Hartford Academy for the Performing Arts. Beginning in the 2004-05 academic year, several elementary school students were accepted into the Regional Multicultural Magnet School in New London. All of the district's K-12 curricula and Pacing Guides continue to be revised and aligned with the State Department of Education Frameworks and provides additional opportunities for our students to develop a greater appreciation for different cultures. The district's language arts, social studies, and world languages curricula contain multicultural curriculum elements. Courses in Chinese culture, sociology, and world cultures have been added to the curriculum over the last five years. Distance learning and on-line opportunities through the district's participation in the Virtual High School consortium have provided additional multi-cultural experiences for our students. The East Haddam Board of Education approved a district-wide statement on diversity, which has influenced many of the district's decisions regarding curriculum and instruction. The district's Diversity Committee was expanded to address multicultural curriculum as well as issues of diversity. East Haddam Elementary School has implemented the Responsive Classroom model and the middle school has embraced the Rite of Passage Experience. Extracurricular activities (e.g. Multicultural Club, Straight from the Heart, etc.) continue to provide students with additional experiences to develop a deeper understanding of human differences.

STUDENT PERFORMANCE

Connecticut Mastery Test, Fourth Generation, % Goal. The Goal level is more demanding than the Proficient level, but not as high as the Advanced level, reported in the No Child Left Behind Report Cards.

Excluding School Construction	70.9	23.7	1.8	3.6

EQUITABLE ALLOCATION OF RESOURCES AMONG DISTRICT SCHOOLS

Below is the description submitted by this district of how it allocates resources to insure equity and address needs.

The East Haddam School District is comprised of three schools: a PK-3 elementary school, a 4-8 middle school, and a 9-12 high school. Budgets for each school are developed by the school Principal with significant input from their respective staffs. The building budgets are reviewed by the Superintendent and the Business Manager for compliance with the budget parameters. Budget goals for each school, along with the goals for the district, determine the allocation of our financial resources. The goals of the district are embodied in each school's School Improvement Plan and in the district's Strategic Plan. The budget is developed to support the educational needs of all East Haddam students so as to ensure that equal educational opportunity remains as a primary district focus. Increases in building level budgets reflect increases in student enrollment, instructional needs, and are fully aligned with the district's long-range school facilities and maintenance plans.

SPECIAL EDUCATION

STATE ASSESSMENTS

Percent of Students with Disabilities Meeting State Goal. The Goal level is more demanding than the Proficient level, but not as high as the Advanced level, reported in the No Child Left Behind Report Cards. These results are for students attending district schools who participated in the standard assessment with or without accommodations for their disabilities. Results for fewer than 20 students are not presented.

- Connecticut Mastery Test (CMT), Fourth Generation. The CMT reading, writing and mathematics tests are administered to students in Grades 3 through 8, and the CMT science test to students in Grades 5 and 8.
- Connecticut Academic Performance Test (CAPT), Third Generation. The CAPT is administered to Grade 10 students.

State Assessment		Students with	Students with Disabilities		udents
		District	State	District	State
CMT	Reading	29.6	31.6	76.1	67.5
	Writing	21.4	19.6	74.0	63.3
	Mathematics	28.0	32.9	72.8	68.1

	Science	36.4	13.0	45.2	45.3

For more detailed CMT or CAPT results, go to www.ctreports.com. To see the NCLB Report Card for this school, go to www.sde.ct.gov and click on "No Child Left Behind."

Participation in State Assessments of Students with Disabilities Attending District Schools				
CMT % Without Accommodations 20.2				
	79.8			
CAPT	% Without Accommodations	0.0		
	100.0			
% Assessed Using Skills Checklist 10.2				

Accommodations for a student's disability may be made to allow him or her to participate in testing. Students whose disabilities prevent them from taking the test even with accommodations are assessed by means of a list of skills aligned to the same content and grade level standards as the CMT and CAPT.

Federal law requires that students with disabilities be educated with their non-disabled peers as much as is appropriate. Placement in separate educational facilities tends to reduce the chances of students with disabilities interacting with non-disabled peers, and of receiving the same education.

SCHOOL DISTRICT IMPROVEMENT PLANS AND ACTIVITIES

The following narrative was submitted by this district.

The East Haddam Special Education Department continues to work closely with general education staff to develop individualized instructional interventions to address the needs of students who scored at Level 1 and Level 2 on CMT and CAPT. All students who scored at Level 1 and Level 2 received an individual plan. Students who have an IEP were reviewed to ensure that the goals and objectives were aligned with the skills of CMT and CAPT as well as the general curriculum. Time is set aside at monthly special education meetings to review progress of the students. The district continued to encourage staff and provide funding for professional development opportunities for staff to improve instructional strategies that would enhance instructional strategies in team taught classrooms. The Special Education staff continues to work closely with all district staff to promote and to continuously improve upon an early intervention model (SRBI). K-8 staff int eh past two years have received PD on intervention strategies, data teams, working with the autistic child in the classroom, monitoring intervention strategies to assess student performance. Most recently the system has implemented AIMSweb for monitoring for students on Tier 2 & Tier 3 for general education students and for identified special education students. In addition the district contracted the services of a clinical psychologist who specializes in the area of autism on a monthly basis to consult with both staff and parents. The major focus for Professional Development at the Elementary and Middle Schools continues to be interventions and data analysis. All staff at the elementary school received training on a reading intervention program called RAVE-O which will be implemented for identified students.
