EFFORTS TO REDUCE RACIAL, ETHNIC, AND ECONOMIC ISOLATION

Below is the description submitted by this school of how it provides educational opportunities for its students to interact with students and teachers from diverse racial, ethnic, and economic backgrounds.

During the 2009 - 20010 school year the Old Saybrook School System was involved in numerous inter-district collaboratives for the purpose of reducing racial, ethnic, and economic isolation. The Goodwin School continued its partnerships with other districts with eleven classrooms participating in this relationship. These programs are joint initiatives with New London and Groton. The programs included We are the World, Number Kids, Authors and Amigos, and Circle of Friends. K-12 World Language instruction is the dominant vehicle across the District that constantly addresses cultural diversity. All students participate in an integrated World Language program in grades K-5. In grades 6-12, approximately 95% of the students continue to study languages. In district the teachers at the three schools have made a great effort in developing culturally diverse activities for the children. All grade-three students participate in a Roots unit. A Holocaust unit is presented to students in grades eight and eleven. The high school offers a course in American Studies which is a joint social studies/English initiative; part of this curriculum focuses on understanding and experiencing the history and spirit of the Harlem Renaissance. The school libraries celebrate and explore Black History month, Native American history, and women's issues to encourage children to develop awareness of the special achievements of diverse groups in the U.S. Second grade students experienced an integrated arts performance, which focused on Spanish speaking cultures. High school music students performed French, Italian, Spanish, Russian, Hebrew, and Latin works. The high school music history class is a year long exploration of European cultural heritage. The efforts of the Old Saybrook School System to increase the students' cultural awareness are on-going. This emphasis will continue to grow in the 2010 - 2011 school year.

EQUITABLE ALLOCATION OF RESOURCES AMONG DISTRICT SCHOOLS

Below is the description submitted by this district of how it allocates resources to insure equity and address needs.

The Old Saybrook Board of Education policy regarding distribution of district resources ensures that each of the three district schools receives a base level of material and financial resources. The Old Saybrook School System consists of three schools: an elementary (pre k-3), a middle school (4-8), and one high school (9-12). Decisions made annually regarding staffing, instructional supplies and materials, and capital improvements are decided upon collaboratively through the District Leadership Team. Class enrollment, test scores, and the conditions of the facilities are considered in allocating funds. Following a thorough investigation, the superintendent makes specific recommendations to the Board of Education; for instance, it is sometimes determined that an additional section of a course is necessary. The number of new teachers and special education and Title I instructional assistants employed depends on the needs and numbers of children requiring these services.

Accommodations for a student's disability may be made to allow him or her to participate in testing. Students whose disabilities prevent them from taking the test even with accommodations are assessed by means of a list of skills aligned to the same content and grade level standards as the CMT and CAPT.

Federal law requires that students with disabilities be educated with their non-disabled peers as much as is appropriate. Placement in separate educational facilities tends to reduce the chances of students with disabilities interacting with non-disabled peers, and of receiving the same education.

SCHOOL DISTRICT IMPROVEMENT PLANS AND ACTIVITIES

The following narrative was submitted by this district.

The Old Saybrook School System continues to be guided by a comprehensive Long-Range Plan to ensure consistent curriculum reform, high expectations for all students, equal opportunities to learn for all, and appropriate district and building goals and initiatives. The District administered the fourth generation of the Connecticut Mastery test in grades 3 – 8 in March 2010. Both the Goodwin School and the Old Saybrook Middle School exceeded the required 95% participation rate. Both schools also met adequate yearly progress in math and reading. Mastery test results placed Old Saybrook students above state goal: math grade 3 – 78.4% achieved goal, grade 4–79%, grade 5 – 88.2%, grade 6 – 66.7%, grade 7 – 73.7% and grade 8 – 72.9%. In reading 81.8% of the third grade, 69.7% of grade four, 72% of grade 5, 89.6% of grade six, 85.8% of grade seven and 82.1% of grade 8 achieved goal. Writing results were equally as high with 89.2% of grade three, 78.5% of grade four, 91.8% of grade five, 90.4% of grade 6, 80% of grade seven, and 77% of grade eight achieving goal or higher.Needs and Plans: Professional development will continue to focus on differentiated instruction, meeting the needs of special needs students, assessment strategies and the continued implementation of SRBI. The district and community will engage in strategic planning throughout the 2010-2011 school year.
